TAYLOR FLADGATE

Scion 1855

The Ultimate Gift

Scion from The Fladgate Partnership, a pre-phylloxera Tawny Port that David Guimaraens discovered in the cellars of a family that had sold wines to the firm for generations. It was a two-barrel lot that proved to be at least 150 years old, carefully tended and still fresh. The Fladgate Partnership agreed to buy it and Guimaraens bottled in it hand-blown Italian crystal decanters, nested in a wooden box designed after a 19th century instrument case.
